

## Announcement of New Position VP of Church & Community Engagement

From Dan Davis – President  
Mission Increase

We, at Mission Increase (MI), believe working with the local church has a much stronger impact than each can produce alone. WE are stronger together.

The three driving principles of MI are *Stewardship, Leverage and Urgency*. The position of VP of Church & Community Engagement is an important role in helping achieve these principles in partnership with the local church. **Dr. Randy Butler** will be working alongside churches to help with their outreach to local ministry partners, to develop or refine their discipleship and evangelism programs, and to create stewardship materials.

Church and community engagement requires a passion to help the staff and members of the local church. It includes evangelism and discipleship, personal generosity, working with a team, and helping ministries grow through their work. It also requires enthusiasm to assist governmental agencies in work that can not be performed by their staff, such as the role of a chaplain.

### Responsibilities

- Developing close relationships with local churches who are active and engaged in their community and wish to work more closely with local para-church ministry partners.
- Developing close relationships with local governmental agencies who wish to grow stronger partnerships with local non-profits in the community.
- Working with the MI Area Directors, local Advisory Boards, and national partners to help them engage the local church, parachurch, government, and businesses.
- Serve as a Pastor/Chaplain to the local MI staff and various MI community partners
- Assist in the deployment of MI evangelism and discipleship material to local ministry partners who wish to increase their ability to win souls for Christ.
- Assist the Oregon Area Director in working with ministry leaders on evangelism and discipleship.
- Help prepare MI for the broader work in the body of Christ to accomplish the above items through national and international expansion opportunities.

### Support/Contact

- Please pray for Dr. Randy in his new job. Mission Increase has quarterly prayer calls. If you wish to participate, please let him know, and you will be added to the list.
- Financial Support can be mailed directly to Mission Increase or given online [HERE](#). All gifts are tax deductible as allowed by law.
